

THE AVALON INSTITUTE

PROFESSIONAL DYNAMETRIC PROGRAM PROSCAN ASSESSMENT MENTORING EDITION

Helping People Flourish and Thrive in a Dynamic World

Features Included

Founded in 1978, PDP® brings out the best in people by creating structured opportunities for learning and growth. Specifically, our mentoring program adds value in the following ways:

- ☉ Recruitment and Onboarding
- ☉ Talent Development
- ☉ Employee Productivity
- ☉ Employee Retention
- ☉ Diversity Enhancement
- ☉ Knowledge Sharing

The PDP® integrated hiring, management and development system evolved through statistically-based surveys of more than 5,000,000 people in thousands of organizations. PDP®'s integrated applications for businesses optimize employees' professional growth to spur the corporation's effectiveness and, ultimately, profitability.

How it Works

The basic building block is data from **ProScan®**, a quick, simple and reliable personal survey that analyzes key descriptive adjectives. Despite its apparent simplicity, **ProScan®** is a sophisticated instrument that reveals considerable insight into the person's work style with 94% accuracy.

Why it Works

The survey uses a series of advanced algorithms that form the foundation of a sophisticated scientific system to measure each individual's preferred behavioral trait, strength and characteristics.

How Does It Work?

- ☉ After purchasing the online format, you receive an email with simple instructions on how to instantly access your assessment.
- ☉ You take the assessment. (About 5 minutes to complete.)
- ☉ The system calculates your PDP data instantly and creates your customized feedback report.

Your feedback report includes e-learning activities that help you understand and develop your skills.

\$425.00 PER PERSON

*Includes Survey and 90 Minutes Telephone/Web Mentoring Session.

ProScan is a non-threatening, quick, easy and reliable survey tool that is one of the most advanced instruments available. Statistical research of working adults enables the powerful ProScan survey to produce reliable results to accurately assess a persons basic and preferred work styles. The survey examines combinations of specific traits that affect how the person works most effectively and reacts under stress. ProScan focuses on strengths and motivators to help employers create an environment that reduces employee stress while improving energy and morale. Most would consider this personality survey as the best tool in assisting them manage their team.
